To whom it may concern

Re: Joe Olejnik

I have known Joe for a number of years and have always been impressed with his energy and enthusiasm for his job and the people with whom he works.

I have found that Joe has passion, discipline and knowledge and a very high ability to communicate effectively with people at all levels of business.

I consider Joe to be a highly motivated individual who is extremely honest and very ethical in all his undertakings. In my dealings I found that he is highly skilled in Business Development and in communicating and motivating other people. His work ethic is of the highest calibre and I found that people love to do business with him.

Any organisation wishing to employ Joe would find that they have made a very good choice as he is a true professional and has the ability to think clearly and knows how to properly evaluate what is important or not in business.
