

To whom it may concern,

RE: JOE OLEJNIK – BUSINESS DEVELOPMENT MANAGER AT AUSTRALIAN SMALL SCALE OFFERINGS BOARD

I have worked with Joe Olejnik as a Sponsor of the Australian Small Scale Offerings Board. At that time Joe held the position of Business Development Manager.

Joe is a highly successful business developer. His role in building the Australian Small Scale Offerings Board during its early years was pivotal to its success and its current position as a strong and viable platform for capital raising. His natural enthusiasm and belief in the business model was contagious and very much assisted me in building my client base.

Joe's attitude was always positive and professional, while his approach and depth of knowledge about the market and platform provided my business with the right ingredients for growth. He was always responsive to Nexttrack's needs, delivering sound advice and guidance that made a difference.

I would have no hesitation in recommending Joe in any senior business development or market development role, and look forward to working with him again in the future.

Yours sincerely,

Tony Pittorino
